Please answer the questions below

1. Is this request for an expedited review? Yes No

If the requestor or prescriber believe that waiting up to 72 hours for a standard decision could seriously harm the member's life, health, or ability to regain maximum function, an expedited decision (within 24 hours) can be requested.

2. Does the patient have diabetes, gestational diabetes, prediabetes or on a concomitant drug that may affect blood sugar levels? Yes No

3. Is the patient being treated with insulin therapy? Yes No

If NO, please describe the clinical rationale indicating the patient's blood sugar levels will have improved control using a continuous glucose monitor as a substitute to traditional diabetes testing supplies:
